- take home the expression masks and practise with parents, carers, siblings and friends.
- continue to build a word bank and find the equivalent of *¿Qué tal?* for other languages to add to classroom display (non-roman script as well as roman).
- practise with parents, carers and peers phrases learnt in class.
- bring in pictures of celebrities so they can practise the phrase *¿Cómo se llama?*
- research first names in other countries to increase language awareness, e.g. Andrew (English), Andreas (German), André (French), Andrés (Spanish), Andrea (Italian).
- practise counting with parents, carers, siblings and friends.
- sing the numbers to their favourite soap opera theme tunes.
- research information about Spain or famous Spanish people, using the Internet.
- use ICT to build a word bank at home of Spanish words learnt at school and others they come across in research or, for example, while on holiday.
- look for similarities in other languages they may come across and bring examples to school.

Assessment

Most children will:

- understand and respond to simple classroom instructions and commands
- use spoken Spanish to meet and greet others
- respond appropriately in Spanish to the register
- begin to recognise, read and pronounce sounds of combinations of letters, words and phrases
- understand and use numbers 0–12

Some children will not have made so much progress and will:

- understand simple instructions in Spanish with a prompt and/or visual support
- respond to simple questions with support from a spoken model or visual clue
- recognise numbers 0–12
- identify the gender of some nouns, referring to a model

Prior learning

It is helpful if children already know:

- the English alphabet
- how to sequence words in alphabetical order

Out-of-school learning

Children could:

- use greetings at home and with friends.
- look out for Spanish-made products in shops and at home.
- look out for Spanish books in shops and television programmes.
- take home a blank register sheet with *La lista* at the top to enable them to play taking registers at home. Encourage them to write the Spanish words they can remember.

Some children will have progressed further and will:

- say phrases from memory with clear pronunciation and meaning
- write some phrases
- use classroom vocabulary spontaneously in pairs or individually
- identify classroom objects using the correct gender
