

Summer

holiday

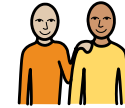

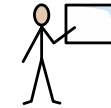

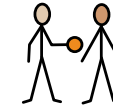

It's the Summer holiday. There is no school for 6 weeks.

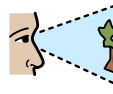

This means that no one will come into school for a long time because everyone will be

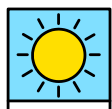

having a break. You will spend time at home. You will do fun things with your family.

You will come back to school after the summer holiday. Your teachers and friends will

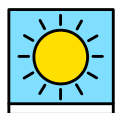

be excited to see you. Enjoy your summer holiday.

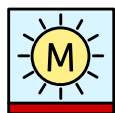

You can tick off the days until you return to school:
