

Year 1 Newsletter

Autumn 1

2021-2022

Welcome back! It is so nice to meet all of you. We hope that you all had a wonderful summer break and are ready for another fun filled school year ahead. This newsletter will provide you with information on the upcoming half term. If you have any further queries, please do not hesitate to ask.

We are:

Teachers

1CM: Claire

1AJ: Abbie

Supporting us with our learning: Dorett, Michelle, Yasmin and Yolanda

Topic

Our topic this term is 'All About Me' where we will be looking at what makes us unique and wonderful, our likes and dislikes and how we are similar and different to each other. We have begun this term by reading the book *Colour Monster* by Anna Llenas and have been exploring different emotions and why we might feel differently at different times. This week we are going to start the book 'Here We Are' by Oliver Jeffers which explores the world around us. We will discuss our local environment along with natural and manmade objects. We will also discuss our place in the world around us using this book as a guide.

The focus of our topic this half term will be on history. We will be talking about what life was like when our grandparents were young and how this might be the same or different to our lives now. In our classroom at the moment we have a few things from the past such as an old-fashioned camera, some vinyl's and a whistle kettle but if you have anything at home that is old such as an old telephone, brick mobile phone, typewriter etc... that you wouldn't mind donating to the school for the children to explore, that would be greatly appreciated.

Art project

This year's art project theme is flowers. We have chosen to look at Van Gogh's sunflower picture and have been trying to make our very own. So far, we have looked closely at some real flowers and have done some observational drawings. For our final project we are going to use a combination of different materials such as wax crayons, water colours and oil pastels to create different effects. Keep an eye out on the website for some updates!

Science

In the first part of this term we are going to be labelling our body parts and exploring our five senses and then later on in the term we will begin our yearlong study of the weather and seasonal change. We will begin to track weather patterns for each month and we will be creating our own wind vane and rain gauge to further our knowledge around weather and seasons.

Maths

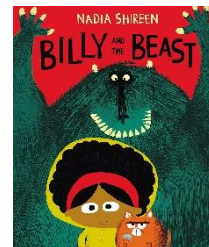

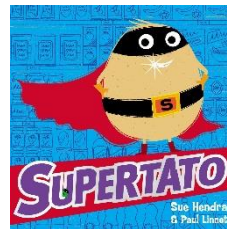

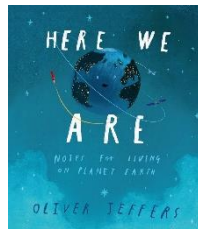

In maths we are beginning with 'Place Value' through number recognition and representing numbers in various ways with different objects. We use concrete resources from our environment to deepen our understanding and ensure we are able to use learnt counting strategies to find the total amount.

Why not do some baking at home, count how many seconds your child can brush their teeth for, how many jumps they can do in 30 seconds, count and name coins, look at door and bus numbers and other numbers in our everyday environment to further reinforce these mathematical skills and knowledge?

In the coming week your child will receive their Mathletics and Reading Eggs login details. We encourage you to logon and practice these with your child. These are online programs that can be used at home to support the learning that we do in school.

English

We have started this term by reading 'The Colour Monster' and 'Here we are'. In the coming weeks we will also be reading Supertato and Billy and Beast.

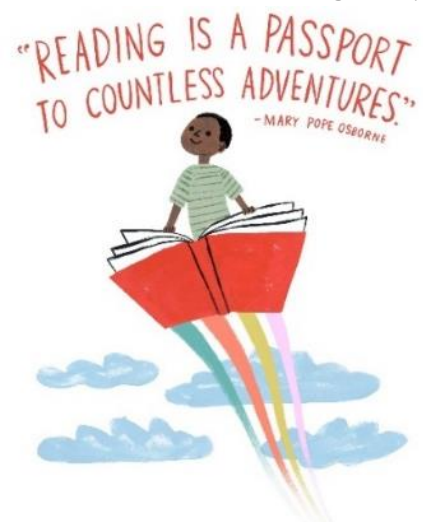

Reading

As you can appreciate, we are busy trying to assess the children to see what level they are at. Please be patient, reading books will be sent home in the coming week.

Once you have received your book it is expected that children bring both their reading diary and reading book into class every day. They will need to get these out of their bags and place them into a reading box.

Your child's reading diary should be signed every time your child is reading at home, this could be a book, magazine, a newspaper of their choice or their reader from school. We are going to be giving out rewards for every five reads they do at home. This can only be monitored if the reading diary is being signed and is coming to school every day.

We try to read every day with a group of children and if your child forgets their book it may mean that they miss out on reading with an adult that day. When your child is read to a comment will be left inside their reading diary, this will explain how your child is getting on and whether or not they are ready for a new book. We will not be giving your child a new book until they are ready for one so this may mean that your child has the book for a few weeks or it might mean that they get to change their book every time they are read to. If you are unsure please do not hesitate to ask we are always here to help. 😊

P.E

Every Monday is your child's PE session. We ask that you bring a labelled PE kit in for your child. This kit must be in a **NAMED BAG** have a T-shirt, some shorts or leggings and trainers or plimsolls. This kit needs to come in **EVERY MONDAY**.

Daily timetable:

8.55-9:10	Register/ Handwriting
9.10-9:50	Phonics/ Guided Reading
9:50- 10:00	Break
10.00-10.30	Literacy/ Maths
10.30-11:35	COOL Time (Choose Our Own Learning)
11:35- 12:00	Literacy/ Maths
LUNCH	
1:00-1.20	Topic/Science/Computing/P.E/Art/PSHE
1.20- 2.50-	COOL Time
2.50-3.20-	Story/ Discussion/ Daily PE activities
3.25-	Home time

REQUESTS

We are looking at expanding our learning provisions and are wondering if you have any of these things available directly, or through friends or other family members.

- Old objects - such as a type writer, tape player/tapes, old telephone, brick mobiles
 - Tyres
- Pipes, straight and bendy
 - Cable reels
 - Crates
 - Bread crates
 - Astro turf
- Old pots and pans

If you have any items that we can use for junk modelling, they would be much appreciated. We will leave a box outside the classroom for these to be placed in at home time.

We look forward to a fun filled year ahead. Please speak to a member of the year one team at home time if you have any questions. Thank you all for your support in your child's learning journey. We look forward to getting to know you and your child this year.

The Year 1 Team
