

LIFT OFF!

Step 9

- a) Order fractions with the same denominator
- b) Add and subtract fractions with the same denominator within 1 ($\frac{5}{7} + \frac{1}{7} = \frac{6}{7}$)
- c) Recall multiplication and division fractions in the 2, 3, 4, 5, 8 and 10 times tables

Step 8

- a) Recall division facts in the 8 times tables
- b) Count up and down in tenths
- c) Order unit fractions (fractions where the numerator is 1)

Step 7

- a) Recall multiplication facts in the 4 times tables
- b) Recall multiplication facts in the 8 times tables
- c) Recall division facts in the 4 times tables

Step 6

- a) Halve numbers to 100
- b) Double multiples of 10 to 100 and find related halves
- c) Recall multiplication facts in the 3 times tables and related division facts

Step 5

- a) Subtract a multiple of 10 from a 3-digit number
- b) Subtract a multiple of 100 from a 3-digit number
- c) Double numbers to 50

Step 4

- a) Add a 3-digit number and a multiple of 10
- b) Add a 3-digit number and a multiple of 100
- c) Subtract a single digit number from a 3-digit numbers

Step 3

- a) Count in steps of 50
- b) Add and subtract multiples of 100
- c) Add a 3-digit number and a single digit number

Step 2

- a) Find 1, 10 or 100 more than a given number
- b) Find 1, 10 or 100 less than a given number
- c) Order a set of numbers up to 1000

Step 1

- a) Recall addition and subtraction facts for each number to 10
- b) Recall addition and subtraction facts for each number to 20
- c) Recall multiplication and division facts in the 2, 5 and 10 times tables

Welcome to our new look rocket cards!

- The new objectives are based on the expectations of the number facts children should know by the end of the year
- Please work with your children on each step in order, beginning with 1a. Some steps will need more time than others
- The children will be working on these in class as well
- The homework on will be based on the step being taught in class and will be based on Google Classroom each Friday
- On Fridays, there will be an informal quiz to gauge the children's knowledge
