Song of the week

This week we have been singing 'The farmer plants the seed' and learning all about how seeds grow.
Can you tell your family how seeds grow?

Our Week

We have had a great week in Nursery. We have been learning about the different types of seeds and exploring them with magnifying glasses. We looked at seeds that have fallen from plants as well as chopping up fruits and vegetables to see the seeds inside.
Can you find any seeds in your food at home?

Maths

Thank you to everyone who joined us for our Maths Celebration Day. We hope you enjoyed seeing what we get up to and found some exciting ideas to try at home.
Can you send us a photo

of any maths activities you try at home?

Sound of the Week

Our Sound of the Week next week will be 'u'.

Please continue to sing the Jolly Phonics songs at home for these sounds. These can be found on youtube.com
Can you bring in an object from home for our Sound Table that begins with 'u'
Please remember not to bring in anything precious as it may get lost / broken!

Forest School

We have had a brilliant time at Forest School this week. We made some exciting potions

using different powders and coloured waters. We also wore blind folds and smelt some different fresh herbs!

Many thanks,

The Nursery Team

Ladybird - Emma Rose, Janette Gayle and Usha Goomany

Butterfly - Anastasia Owusu, Gina Collingridge

Jaci Doherty working throughout both classrooms

Things to remember...

Items from home

We have noticed that many children are bringing in special items from home that are not for our Sound of the Week table. Please could you ensure that your child doesn't bring anything in from home as some of the items are causing arguments amongst the children as well as being a distraction during learning time. We also can't ensure that the items will not be lost / damaged!

Wellies and coats

While the weather is often wet and cold, please provide your children with a named, thick, winter coat and suitable footwear. We go to the Nature Garden three times a week and it is important that children are suitably dressed. Children have the opportunity to explore and experiment with water whilst at school. We try our best to keep your child dry by encouraging the use of aprons and rolling up of sleeves but if you know your child particularly enjoys water play, please could you provide them with a waterproof jacket / suit. If you do not have one, we are happy to provide one for you.

Please also encourage your child to practise putting on their wellies and coats independently.

Water Bottles

Please ensure your child has a named water bottle with them each day. This should only contain water, no fruit juices or squash please!

Spare Clothes

Please make sure that your child always has a spare change of clothes at school for toileting accidents and water play. If your child borrows clothes from school, please return the clothes washed and dried. If you have any socks that your child no longer needs, we would really appreciate any donations for our spare clothes box!

Toileting

If your child please requires support with toileting, please continue to practise this at home and remind them of the importance of thorough hand washing.
