

Women's Euros Kit Competition

To mark the beginning of the women's Euros, we are holding a competition to design your own kit. We will have a winner from Key Stage 1/Early Years and Key Stage 2.

Have a go at drawing your own design on this shirt. You could create a design that represents a country that's significant to you or you could draw a design that symbolises a value such as friendship or not giving up.

The winner from each key stage will get a Women's Euros cup ball.
