

## Year 2 - Spring 1 Term Newsletter

**Reading** - Make sure your child is reading for **15 minutes each day** and that they're able to answer lots of questions about their reading book! They should re-read the levelled book, given to them by school, 3 times to build confidence and fluency. **Books must be brought back to school every day! Records will be checked and books will be changed on Mondays and Thursdays.**

**Maths** - This term, the children will be learning about **2D and 3D shapes** and then **Money**. Any practise or exposure at home will help your child when it comes to their maths lessons in school. Also, remember to **revise your weekly number facts!** Children will be tested each week on their number facts - they will be told which ones to learn by their teacher.

**PE** - This term, the children will be focusing on developing their problem-solving skills in PE, as well as working on their agility and coordination. Sessions will be on **Mondays (2ER) and Wednesdays (2PH)** each week. Children must **bring their PE kit to school in a bag** on those days and will change into them for the session. Make sure PE clothes are clearly labelled.

**Science** - This half term we will continue learning about **Living Things and Their Habitats**. The children will learn about how animals adapt to their environment, how different animals are suited to living in different conditions and what different habitats look like.

**Topic** - This term we are learning about **Kenya**. Please see the topic homework for ideas of how to support your child's learning at home.

Many thanks,

The Year 2 Team
